PROFESSIONAL PROFILE

I am a motivated Computer Science student and passionate Front-End Developer with a knack for creating interactive and dynamic web experiences. Proficient in HTML, CSS, and JavaScript, with a solid understanding of responsive design and accessibility. I am known for writing clean, efficient code and having a keen eye for UI/UX design. I have a proven ability to solve complex problems and learn new technologies quickly.

I am seeking to leverage these skills to contribute to a dynamic and innovative development team. I am proficient in various computer applications, including MS Office. I also have experience working on multiple activities under tight deadlines, which has honed my ability to work well under pressure. I am excited about the prospect of helping to build and maintain an efficient and high-performance working environment and learning from experienced team members.
